ABOUT LUIZA MILEWICZ

Luiza Milewicz is a postgraduate from UNSW Art and Design, Sydney, Australia, and a seasoned artist who has been showcased in exhibitions globally. From her home studio in The Netherlands, she pioneers cutting-edge sculptures, seamlessly blending light technology and sacred geometry to evoke balance and harmony. Luiza's unique fusion of art and design skills results in works that are not only visually captivating but also serve as illuminating pieces of sculpture. Her creations stand at the intersection of art and utility, a testament to her commitment in pushing artistic boundaries while maintaining a harmonious aesthetic.

“Clean lines, vibrant colours and elementary shapes are used in my work to create a modern abstract visual language blending light, pattern, movement, and form into intricate geometrical compositions.

Light plays a key role in my artwork, guiding exploration into the qualities of natural light as it interacts with reflective plexiglass sheet of diverse colour, translucency, and texture.

Complemented by LED lighting, this immersive experience examines light’s transformative capacities.

Drawing inspiration from nature, cosmology, and ancient spiritualism, my creations invoke the enchantment of sacred geometry — exploring the symbolic meaning of shapes in combination with light technologies. I aspire to offer viewers a brief but profound moment of curiosity for the mystical and divine choreography of the universe“.

HALO SERIES

Your paragraph text

Golden Seraph

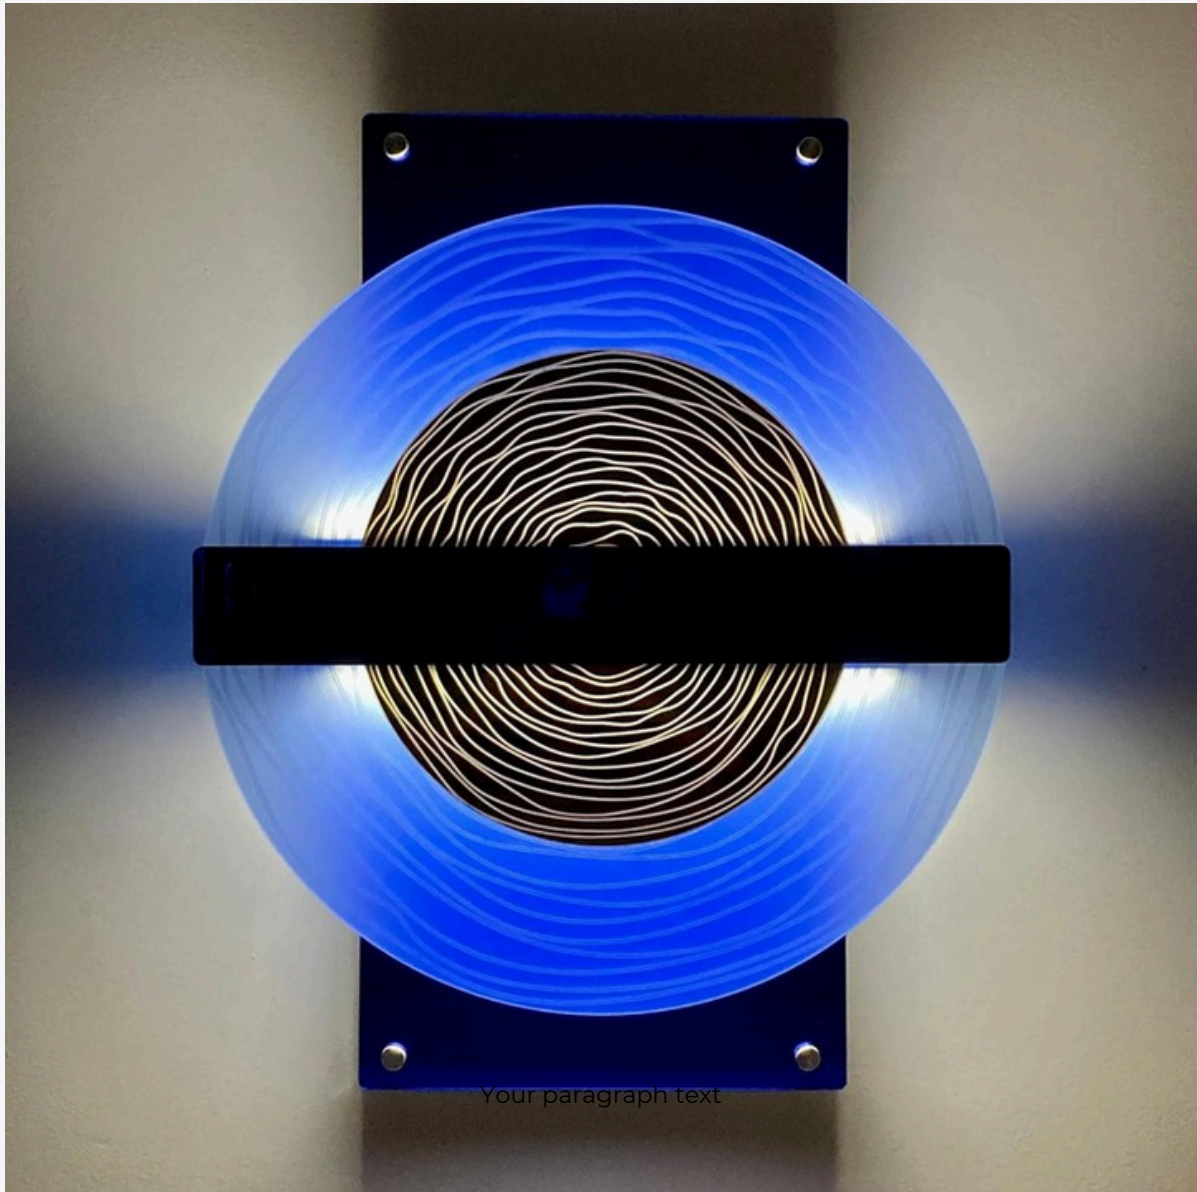

Wall light

Plexiglass, mirror, rechargeable battery operated LED electronics

60 H x 48 W x 8 D cm

EU 2,800

HALO SERIES

Blue Seraph

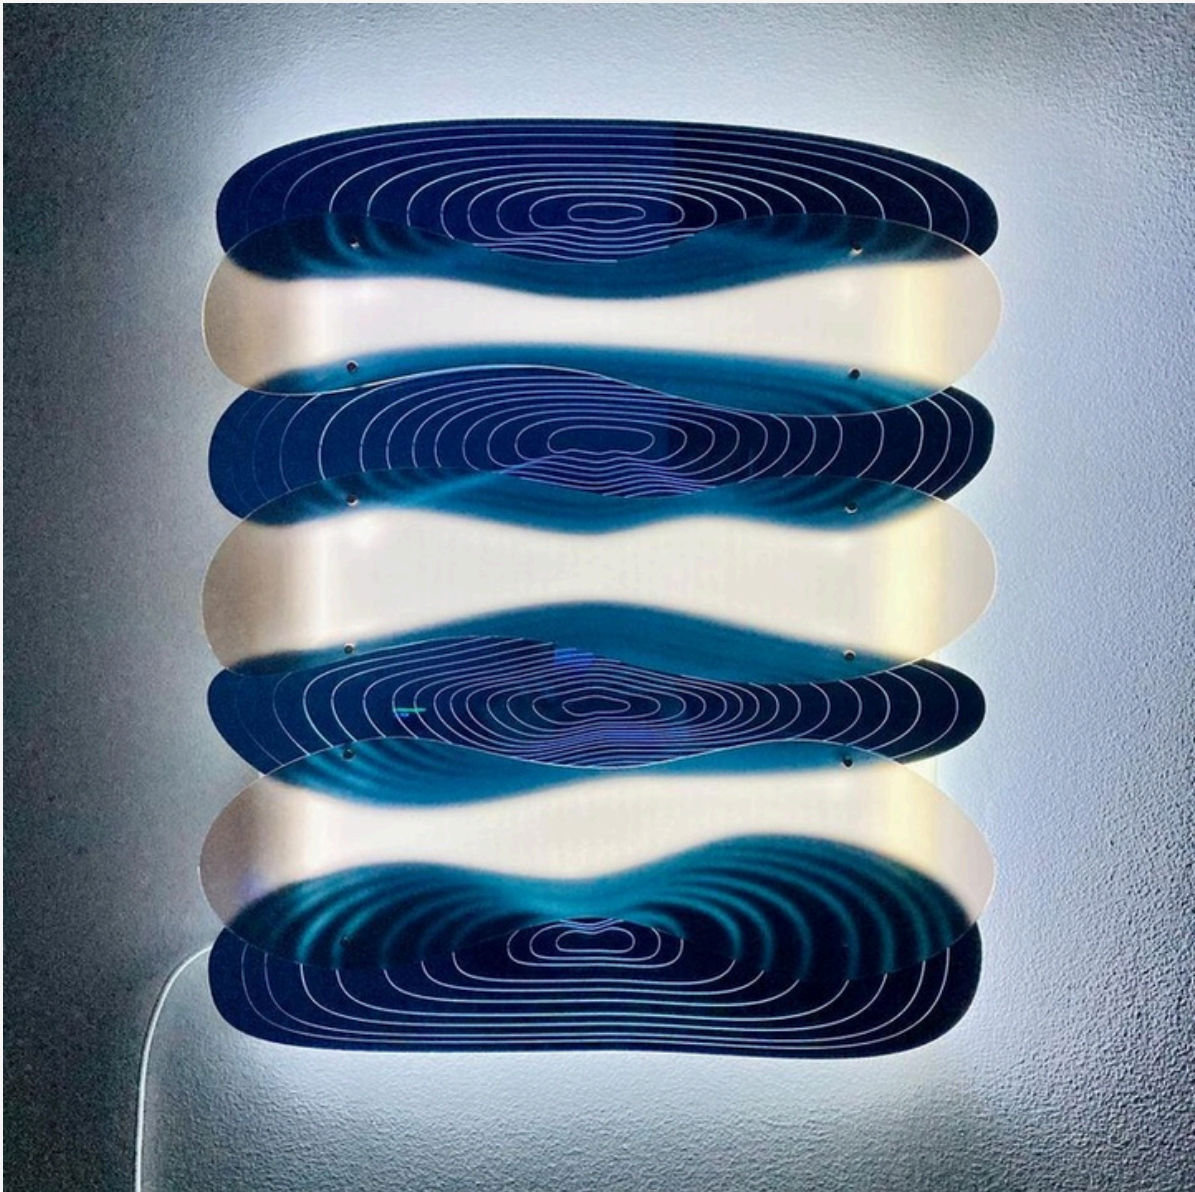

Wall light

Plexiglass, mirror, rechargeable battery operated LED electronics

60 H x 48 W x 8 D cm
